Norma---I checked with Harrison in Payroll---these folks are no where to be found for PM USA (he searched for each name---and they did not exist) ---if they don't exist with Int'l---then they have to be Corporate. Effie is the Payroll Manager for Corporate----so we'll see what she says.

Effie---I was wondering if you could help us down in Richmond. We have 4 people we are trying to find out where they are paid from. They do not exist in a PM USA data base. It appears they can't be located in PM Int'l either. We know they do work for Worldwide Scientific Affairs which is a part of R & D. Could you see if they exist in Corporate payroll. Thanks for any help you can give me.

Norma,

Non-Americans in PMI do not have a US SSN. Exceptions (like myself being a German expat working in the US) are possible.

Here are some of the people we want to locate:

- Kohji Takada, Ph.D., PMKK Tokyo
- Raymond Lau, Ph.D. PM Asia Ltd., Hong Kong
- Ruediger-Alexander (Roger) Walk, PM USA, Richmond
- Debra To, PM Asia Ltd., Hong Kong

Source: https://www.industrydocuments.ucsf.edu/docs/tggj0001

These are just examples for WSA staff we are not sure where their headcount is located.

Thank you for your help.
Roger

I can't believe our HR people can't run some sort of profile to determine what Cost Center a person is in. If you give me the person's name and SS #---I'll go through payroll to see what they have.

Dear Norma,

Sorry to keep chasing the information, but it will be very difficult for all of us to tell Jack Nelson that we cannot identify where the headcount 'resides'. Do you see any way to find out? If we need help from Rick or Hector, please let me know.

Regards,
Roger

In talking with Mike Murphy in Hong Kong, he thinks the headcount is ours in the US, although administrative details like SRN are managed there.

Roger, I have attempted through numerous sources(P. Kei, C. Young) to determine where the headcount shows up for WSA employees not located in the US. I have been unsuccessful in locating this headcount. I am told they do not show up in an International cost center. I know they do not show up on the US side for HR or Finance purposes. Thanks, Norma
